

“What Problem Are We Trying To Solve?”

It’s our favorite question. And for good reason. With offices in St. Louis & Kansas City, we are a national IT consulting company. We know that solving problems is what makes your business successful. You have projects that aren’t finished. Or are still on paper inside your business plan. Our technology specialists and architects are ready to tackle those opportunities. Whether it is a custom software need, a security solution or a digital need.

Since 1981, Oakwood has been helping companies of all sizes, across all industries, solve their business problems. We bring world-class consultants to architect, design and deploy technology solutions to move your company forward. Our proven approach guarantees better business outcomes. Flexible engagement options. Your project is delivered on-time and on budget.
